16. [redacted] LIAISON Called Jean Evans, Senate Select Committee on Intelligence staff, to tell him of the request from GAO for information on Agency auditing systems. I said this was a part of a study sent to all agencies by GAO and that we preferred to deal directly with the Select Committee on these matters rather than GAO or another Committee. I told Evans GAO was conducting this survey on behalf of the Senate Governmental Affairs Committee and requested that he talk to his contacts (Senator Charles Mathias (R., Md.)), who named Evans to the Select Committee staff, is also on the Governmental Affairs Committee) and to gauge the reaction to our not responding to the request from GAO. Evans said he would.

25X1 19. [] *gao* LIAISON Kip Halley, in the office of Senator John F. Chafee (R., R.I.), called to ask about Lyman Kirkpatrick's, former IG with the Agency, current clearances. Halley and the Senator have just returned from the Geneva SALT talks and wanted to discuss certain SALT-related matters with Mr. Kirkpatrick, but wanted to make sure his clearance was up to date. After checking with [] OLC, I informed Halley that Mr. Kirkpatrick has no current clearance with CIA but that conceivably he might have a DOD clearance.

25X1 20. [] LIAISON Called Jim Humphreys, on the staff of Senator Donald W. Riegle (D., Mich.), with information he had requested on CIA's declassification program. The information I passed was provided by [] in the office of AI/DDA. Essentially, CIA is engaged in the review of documents 30 years old (e.g., OSS documents), but has no active declassification program other than the servicing of FOIA requests, which is tantamount to a declassification activity but is well short of a program. This fully satisfied Humphreys.

25X1 21. [] LIAISON Called Larry Pegg, GAO oil specialist, to pass on NFAC/OER's (essentially overt and not for attribution) figures on Saudi Arabian oil.

25X1 22. [] LIAISON Called Bill Ashworth, Senate Foreign Relations Committee staff, to provide an answer to the one outstanding question from the preceeding day's briefing of the Committee staff and personal staffers on SALT. The question was, how far from their borders could Soviet air defenses project. The answer: 350 nautical miles. The latter answer was supplied by [] NFAC/CS 25X1

25X1 23. [] BRIEFING Called the office of Representative Thomas Hagedorn (R., Minn.) to set up a briefing for 5 January at 10:30 a.m. on subgroups in Rhodesia and South Africa (ZAPU, ZANU and terrorist groups). The briefing will take place in his office and the briefer will be [] NFAC/ORPA. 25X1

25X1 24. [] BRIEFING Called John Ritch, Senate Foreign Relations Committee staff, to set up a briefing for him on Eurocommunism at 2:00 p.m. on 10 January in the C&R Conference Room. Four NFAC/ORPA analysts will be conducting the briefing.
